To Whom It May Concern:

It's my absolute pleasure to recommend Kris Seekford for a role at your company. Kris worked alongside me at HopDrive as a data science intern through the University of Richmond this summer.

I thoroughly enjoyed my time working with Kris, and came to know him as a truly valuable asset to absolutely any team. He is honest, dependable and incredibly hard-working. Beyond that, he is an impressive self-starter who is always solving the problems that best suit his stakeholder's needs.

During his time here at HopDrive, Kris has learned and performed duties including: Data Analysis, Statistical Analysis, integration of a PostgreSQL database into R Studio, SQL querying of large relational databases, and thoughtful presentation of findings with recommendations to key decision makers in the business.

Along with his undeniable talent, Kris has always been an absolute joy to work with. He is a true team player, and always manages to foster positive discussions and bring the best out of other employees.

Without a doubt, I confidently recommend Kris to join your team. As a dedicated and knowledgeable employee, I know that he will be a beneficial addition to your organization.

Please feel free to contact me at 804-239-4505 should you like to discuss Kris's qualifications and experience further. I'd be happy to expand on my recommendation.

Best wishes,

Rob Newton
